## What is Man Cave?

Man Cave is a company that should have been founded decades ago. It's a company dedicated to letting men be men, no questions asked. Hanging out with the guys, grilling up some steaks, watching football, farting openly and many other male pastimes are cornerstones of Man Cave. Man Cave offers only the best products that every man wants.

## What is a MEATing?

MEATings are Man Cave's gift to mankind. Through many careful brainstorming sessions involving a barbecue, Beck's 5-liter kegs, dozens of slanderous insults, and many fistfuls of beef jerky, the Man Cave team devised the single greatest way for guys to get together. It's our revolutionary method of providing the ultimate setting where men can be men.

How does it work? An individual decides to host a MEATing and invites others to attend. A Man Cave Advisor also attends the MEATing, bringing his expertise and an ample supply of free premium meat to grill for everyone. And not just meat you can get at the grocery store – we're talking meat from highly acclaimed *The Kings Stock* meats.

## Why Host a MEATing?

As a host all you have to do is provide a Man Cave Advisor with a place for a MEATing, and he or she will take care of the rest. Not only will you be able to say you held an official Man Cave MEATing, but you will also get free Man Cave products to help make your Man Cave official, along with the chance to receive the Golden Mug. The Golden Mug is a giant 24 karat gold mug that is coveted by those who have had the honor to receive it.

## Host Benefits

Man Cave provides the total package when planning a gathering for a guy's night. Man Cave will help invite people, provide entertainment, and grill up a bunch of meat for free!

*Hosts receive free product based on the following:*

MEATing sales of \$0-800= 10% in FREE product value

MEATing sales of over \$800= 20% in FREE product value

If sales are over \$1,000 the host gets 20% in FREE product value plus the Golden Mug

***Total MEATing sales are calculated before shipping and tax and after discounts.***

## What Next?
