

TeamRhino ~ "Bring it on!"

Online: www.QKings.com/mancave

ManCave™ now has a New Service – Brat of the Month Club!

Customers will get two packs of ManCave's featured monthly brat each month (so a total of 8 links/1lb.) The brats will be selected by ManCave.

If somebody would like to sign up for this please just write "Brat of the Month Club" in the open space in the lower right hand corner of the order form (they will not be billed or sent brats until the following month so please do not include it in the order form).

It costs **only \$12/month** (plus a \$14 shipping charge which remains the same even if people bulk their orders). **ManCave™** can only accept credit cards for this service.

The customer's credit card will automatically be billed on the 1st of every month and brats will ship on the 1st as well. A customer can cancel at any time but must cancel by the 15th of the previous month to cancel for the next month. (ex. if a customer cancels on July 13th then no brats will be shipped or charges made for August, but if they cancel on July 16th then they will get one more month of brats and one more charge.)

All items will be **shipped frozen right to the customer** in a shipping cooler with dry ice.

This **ManCave™** club would make a **great Father's Day present** so be sure to push for that, as well as just a great way to try all of our **29 different flavors of brats!**
